Assistant: How can I help you?

Customer: Oh I want to buy some sunscreen for myself and for my children.

Assistant: Mm. Do you want something water resistant?

Customer: Oh, yes.

Assistant: I'd recommend the Quadblock.

Customer: Mmm.

Assistant: It's water resistant for up to four hours.

Customer: Oh, right.

Assistant: And it's 30+.

Customer: Oh. What does that mean?

Assistant: It's very strong and will keep out most of the rays that harm you.

Customer: Oh, is it a cream?

Assistant: A cream but you can also get a lotion. That's the one I use myself.

Customer: Oh, how much is the lotion?

Assistant: Eleven ninety five.

Customer: Right. Well, I'll take that one, I think.

Assistant: Goodo ...(fade out)
